

ADRENAL SUPPORT

Janeen Howard Dip. Med. Herb.

LACKING ENERGY? NEED A COFFEE JUST TO GET GOING
IN THE MORNING? FEELING RUN DOWN, STRESSED, DEPRESSED
AND EVERYTHING SEEMS LIKE A CHORE? HAVING TROUBLE
CONCENTRATING? MEMORY NOT AS GOOD AS IT USED TO BE?

If this sounds like you, chances are your adrenal glands are overworked and stressed. The adrenal glands are two small glands located at the top of the kidneys and are the anti-stress glands of the body. They keep you going when you are under stress, but with continued stress can become exhausted.

GO Adrenal Support is a comprehensive blend of herbs, vitamins and minerals that support healthy adrenal function. GO Adrenal Support has been designed

specifically to support and nourish the adrenal glands, making it the ideal supplement to provide support for those with overworked adrenals. In addition, the ingredients will help the body cope with the stress that every day life can bring.
