

# LOVE YOUR LIPS

It is said that; if a woman wears lipstick everyday she may ingest approximately 2 – 3 kg (or 100 tubes) of lipstick over her life time!

Understanding what exactly is in lipstick is becoming just as important as finding the perfect shade.

Living Nature's range of colour cosmetics are formulated with natural ingredients, providing you a safe alternative choice, giving you peace of mind so you can confidently present the face that reflects both your individuality and the occasion.

All our Lipsticks are formulated to give your lips moisture, ensure smooth application and long wear. Define your lips with a Living Nature Lip Pencil and create a glorious sheen with a Living Nature Sheer Iridescent Lip Gloss.

When you purchase a Living Nature Lipstick, your lipstick will be good enough to eat!
